7th District - 227	\$	766.73	\$	766.74	\$	85,043.69	Federal work release rent	At the start of FY12, we showed a deficit of \$280,000, similar to all other DOC units. We took steps to decrease that projected deficit. By November/December, we had whittled it down to the \$220,000 that went into our estimate of the need for supplemental funding. One of the steps we took was increasing the number of federal work release clients we housed, in order to generate more revenue. By January, we had pared some more off the expected deficit, but it was decided to not change any numbers in the supplemental request as it was already on its way to the governor/legislature. Not confident that a supplemental would pass, we continued	PC Upgrades
